

PI KAPPA ALPHA FOUNDATION

# 2013 Annual Report

*Raising Funds to  
Educate and Empower  
Principled Leaders*

# Brothers & Friends of Pi Kappa Alpha

In many ways, the English proverb *mighty oaks from little acorns grow* represents the impact made by the thousands of generous and loyal PIKE brothers and friends of Pi Kappa Alpha. Thanks to the ongoing financial assistance that continues to grow each year, the Fraternity is able to bolster its programs in support of educating and empowering principled leaders.

Year-in and year-out, the Fraternity is challenged to establish a financial strategy to address the needs of today's student, while simultaneously preparing for the future landscape of Pi Kappa Alpha. In this 2013 Annual Report we highlight the many chapter-specific, individual, and international scholarships and grants that have been made available to the Fraternity by generous alumni and friends who have contributed to the PIKE Foundation. We also honor the supporters of the *Campaign for PIKE University* whose

stretch gifts have helped us secure over \$7 million in support of leadership and personal development education for our students.

The donations of time and treasure made to Pi Kappa Alpha year after year have turned our modest beginning into something great. We are champions and advocates for those who want to become better men through experiences and opportunities that only Pi Kappa Alpha can provide.

On behalf of all PIKE Foundation volunteers and staff, we thank you for "nurturing the Oak", and supporting the young men who will lead our campuses, communities and society.

Marvin D. Dennis,  
Illinois, Beta Eta '56

*"Events such as the Chapter Executives Conference not only provide the opportunity for personal leadership development, but ensure our chapter officers are receiving the best operations training available – sustaining the success of Pi Kappa Alpha long term."*

G. Brint Ryan,  
North Texas,  
Epsilon Delta '83

*"PIKE University has clearly demonstrated its ability to develop and train our undergraduates. This has resulted in increased chapter success through heightened leadership skills. By endowing these programs, we are directly investing in the future success of our young men."*

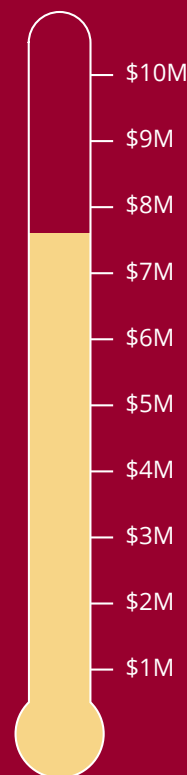

Thomas C. Tillar,  
Virginia Tech, Epsilon '70

*"Never before have alumni had such a compelling reason to give back to Pi Kappa Alpha, and what better reason than the personal development and leadership training of our undergraduates. Rallying support for PIKE University programs is truly in line with the mission and vision of our Fraternity, helping ensure that all Pikes become principled citizens and courageous leaders."*

Alumni and friends now have the opportunity to provide an unparalleled advantage to generations of young men by participating in the Campaign for PIKE University. With your help, Pi Kappa Alpha will raise \$10 million to expand, innovate, endow and protect the PIKE University program and curriculum – the advantage – that has such a positive impact on so many.

# YEAR-END FINANCIAL REPORT

In 2013, the Pi Kappa Alpha Foundation built upon the success of the last few years, offering particular focus to growing the Endowment Fund. Cash receipts increased by nearly 40% over the previous year as donors fulfilled pledges made for the *Campaign for PIKE University*. The year was also a strong one for investments; market value adjustments paired with additional deposits resulted in the greatest period of growth in the 65-year history of the Foundation's Endowment Fund.

The success realized in 2013 was not limited to one particular area. Unrestricted net assets increased by over \$206,000 while permanently-restricted net assets increased by nearly \$1.3 million. The importance of donors providing unrestricted gifts was

clearly demonstrated as the Foundation invested only \$235,920 in (unrestricted) fundraising costs to raise \$1,626,702 in restricted donations, representing a total return of 590%.

With respect to grants and scholarships, the Foundation granted nearly half a million dollars more than in the prior year, an increase of 170%. As the *Campaign for PIKE University* nears its successful completion, the Foundation will strive to maintain the momentum generated during this period of unparalleled success while continuing to provide clear and accurate reporting to donors as the investors in Pi Kappa Alpha's future.

# CHAPTER ENDOWMENT FUNDS

The PIKE Foundation has established Chapter Endowment Funds (CEFs) for each chapter of the Organization (silent and active). These funds have been supported through undergraduate giving (φφκa Club) and tax-deductible donations from alumni and friends.

Each CEF is managed and invested by the Foundation Board of Trustees and used to benefit undergraduates. Once a specific chapter's fund reaches \$10,000 for one fiscal year, the Foundation annu-

ally awards 3%-5% of the corpus amount. As the balance grows, so does the size of the grant. They are designed to grow and last in perpetuity.

Annual grants from these funds provide scholarships to chapters and students for PIKE University programming and events.

As of December 31, 2013, the Foundation manages \$2,090,014 for this program. Only 57 chapters currently have endowed CEFs (\$10,000+). By making a restricted
